BADR ALDEEN AL-KHAZAN

Industrial Engineering, Operations Research & Decision Analytics, Supply Chain & Sustainable Systems

Yogyakarta, Indonesia | badrakhazzan@gmail.com | My Portfolio

PROFESSIONAL SUMMARY

Final-year Industrial Engineering student (GPA 3.90/4.00), Future Global Leaders Scholarship awardee and CAPM-certified, with a research focus on Operations Research and supply chain analytics. Research on supply chain simulation, risk-aware optimization, vehicle routing, humanitarian logistics, and predictive maintenance has been accepted in a journal and at four international conferences.

Research interests: stochastic modelling and simulation, vehicle routing, supply chain risk and resilience, decision analytics.

EDUCATION

B.Sc. Industrial Engineering (International Program), Universitas Islam Indonesia *Expected 2027*

Scholarship: Awardee of the Future Global Leaders Scholarship (FGLS), 2023–2027.

GPA: 3.90/4.00. **Relevant coursework:** Operations Research, Production Planning, Simulation & Modelling, Facility Layout, Six Sigma Quality, Manufacturing Processes.

RESEARCH & PUBLICATIONS

Accepted	**Where Floods Strike and How Roads Fail: Testing Two Assumptions of Relief Pre-Positioning on the 2025 Cyclone Senyar Floods in Aceh** | 16th AIC 2026 (Universitas Syiah Kuala), accepted for presentation · Paper
Accepted	**Simulation-Based Analysis of the Bullwhip Effect in a Multi-Echelon Bottled Water Supply Chain** JTMIT, accepted, in production, 2026 · Paper
Accepted	**When Does Risk-Aware Workload Balancing Pay Off? A Three-City Last-Mile Routing Benchmark Using Industrial Traces** ICORSI 2026 (IIT Delhi, 21–23 Dec 2026), abstract accepted · Abstract
Under Review	**Safe Capacity and Time Compliance in School-Meal Kitchens: Evidence from Indonesia's Free Nutritious Meal Program** Spektrum Industri, 2026 · Paper
In Progress	**A Configurable Electric Vehicle Routing Framework for Urban Retail Delivery with Public Charging: A Yogyakarta Case Study** 2026 · Paper
Accepted	**Balancing Cost and Tail Risk in the Indonesian Wheat Import Portfolio Using Nested Mean CVaR Optimization** ICOBLAST 2026 (Diponegoro University), full paper accepted · Paper
Under Review	**Supply Chain Governance in Sustainability Reporting: a SCOR Orchestrate Analysis of an Indonesian State-Owned Enterprise** IJPMB, 2026 · Paper
Presented	**Calibration and Cost-Sensitive Threshold Selection for Imbalanced Predictive Maintenance: an AI4I 2020 Study** TMIC 2026 (4th Trunodjoyo Madura International Conference), presented, Best Presenter Award · Paper
Under Review	**Reducing University Motorcycle Exit Time through Automated Parking Access Control (SIGAP)** JuTISI, 2026 · Paper
Published	**How Depending on AI Can Impact the Analytical Skills and Critical Thinking of Young People** 2026 · Paper
Published	**Germany's DIGITAL Cooperative Framework: Advancing Sustainable, Inclusive, and Innovative Global Digital Infrastructure** 2025 · Paper

AWARDS & CERTIFICATIONS

- **Future Global Leaders Scholarship**: Universitas Islam Indonesia (2023–2027)
- **Outstanding Delegate**: IYEC 12, Malaysia & Singapore
- **Best Presenter**: TMIC 2026
- **Best Presentation**: EXPO RSKE 2025, Multifunctional Ergonomic Pen
- **1st Place**: EXPO PSIT 2026, SIGAP RFID Automated Parking Access System
- **1st Place**: Idea Champion 2.0, AI-PHL Guardian
- **TOEFL iBT 90/120**: ETS (2026–2028)
- **CAPM®**: Project Management Institute (2026–2029)
- **Aspire Leaders Program**: Aspire Institute (2025)

EXPERIENCE & LEADERSHIP

Simulation & Modelling Trainee, Delsim Laboratory, Universitas Islam Indonesia *Apr 2025 – Sep 2025*

- Built and validated discrete-event and system-dynamics models using FlexSim and PowerSim to analyze industrial system behavior.

Deputy Head, Events Division & Industrial Engineering Ambassador, UII Global (Volunteer) *Jan 2025 – Dec 2025*

- Led academic and cultural events, logistics and partnerships; served as PIC for international-student activities.

Deputy Head, Social Responsibility Circle, Yemeni Students' Union in Indonesia

- Coordinated student-support and community programs and major cultural events.

SKILLS & LANGUAGES

Technical: FlexSim, PowerSim, simulation, queueing analysis, stochastic modelling, supply chain analytics, SPC & Six Sigma, production planning, facility layout, work measurement, database design, Advanced Excel, technical writing.

Professional: Project management, analytical thinking, team leadership, cross-cultural communication, event management, public speaking.

Languages: Arabic (Native), English (B2), Indonesian (B2), German (A1).
